Summary

Cloud Support Engineer with hands-on experience in **AWS services** including **EC2, S3, IAM, VPC, CloudWatch, DataBase**, along with strong **Linux fundamentals**. Experienced in **cloud deployment, monitoring, troubleshooting, and cost optimization** using AWS Free Tier. **AWS Certified Cloud Practitioner** seeking an entry-level **Cloud/DevOps role** to support secure and scalable cloud environments.

Technical Skills

Cloud Platform	:	Amazon Web Services (AWS)
AWS Services	:	EC2, S3, IAM, VPC, Subnets, Route Tables, Security Groups, CloudWatch (Basic)
DevOps & Systems	:	Linux Fundamentals (Practical), Git & GitHub, CI/CD Concepts, Terraform, Shell Scripting (Theoretical)
Programming Skills	:	Python, Shell Scripting (Basic Automation)
Tools	:	CI/CD jenkins, Docker, Maven
Operating Systems	:	Windows, Linux

Hands-On Cloud Experience (AWS)

AWS re/Start Graduate (Amazon Web Services)

- Deployed and hosted **static websites on Amazon S3** with secure public access.
- Implemented **IAM users, roles, and policies** following least-privilege principles.
- Configured **VPC networking components** including subnets, route tables, and security groups.
- Understood **inbound/outbound rules, routing, and network traffic flow**.
- Practiced AWS Free Tier services with focus on **security, scalability, and cost optimization**.

Projects

AWS Cloud Web Server Deployment & Monitoring
Technologies: AWS EC2, IAM, VPC, Security Groups, CloudWatch, Linux

- **Launched and configured** an **EC2 instance** in a custom **VPC** with a public subnet.
- **Installed and configured** the **Apache Web Server** on Amazon Linux.
- **Configured Security Groups** to allow **HTTP (Port 80)** and **SSH (Port 22)** access.
- **Created IAM roles** to securely grant EC2 access to **CloudWatch**.
- **Enabled CloudWatch monitoring** to track **CPU utilization and instance health**.
- **Troubleshot network connectivity issues** related to **Security Groups and route tables**.
- **Analyzed Linux system logs** to identify and resolve server startup errors.
- **Implemented cost control measures** using AWS Free Tier and monitored usage metrics.

Intern — Data Analytics Job Simulation (Deloitte)
Technologies: Tableau, Excel, Data Analysis

- Built **interactive Tableau dashboards** to visualize business insights.
- Analyzed datasets using **Excel** to identify trends and patterns.
- Derived **actionable insights** from simulated forensic datasets.
- Supported decision-making through **data-driven reporting**.

Education

B.Tech in Computer Science Engineering (CSE) — **2021–2025**
Dr. B.R. Ambedkar University, Srikakulam — Etcherla, AP

Intermediate (MPC) — **2021**
Government Junior College — Pathapatnam, AP

High School — **2019**
ZP High School — Korasavada, AP

Certifications

- **AWS Certified Solutions Architect - Associate** certificate
- **AWS Certified Cloud Practitioner** certificate
- **Infosys Python Programming Certification** certificate
- **Oracle Cloud Infrastructure (OCI) AI Foundations Certified Associate** certificate
- **Introduction to Cloud Computing** — Coursera certificate

Extracurricular Activities

- Participated in **AWS Hackathons** exploring real-world cloud use cases.
- Participated in **AgentCon 2025**, gaining exposure to Agentic AI.
- Attended **Lyzr AI Hyderabad** event at Microsoft.
- Attended **Amazon AI** online sessions.
- Actively involved in **NSS programs** and national integration camps.
